

# Northwest Woodturners

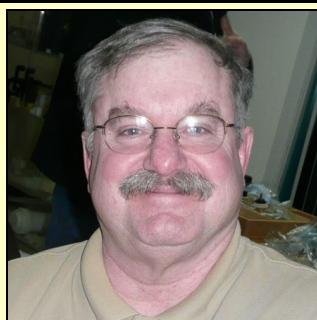

A Chapter of The American Association of Woodturners

Volume 21, Issue 10 The woodturners' local resource

October 2016

## PRESIDENT'S MESSAGE

First, I want to thank all of those that came out to the Matt Tilman shop sale. We were able to help a very nice man accomplish the task that no one looks forward to doing. I want to give a special thanks to all of those who came out on Friday to help set up for the sale. I think we did a pretty good job and, given the amount of goods that were sold, did a good job of pricing the tools and wood. So, thanks again to everybody.

This month our demonstrator will be Reed Gray. It's been a while since the Robo Hippy has visited NWWT, perhaps too long. For those of you who don't know him, Reed lives in Eugene and is an outstanding turner specializing in bowls. Actually, I think he specializes in inventing cool things. His chainsaw chop saw is still one of the neatest things I've ever seen ([www.youtube.com/watch?v=-JCwwCxxkROw](http://www.youtube.com/watch?v=-JCwwCxxkROw)). I saw it at the OWS and didn't know what it was until I saw the video. It then became obvious. The dream of square and parallel bowl blanks can be a reality. Reed also brought back the famous Oregon Coast Myrtle scraper – The Big Ugly Tool. Some of the older members will remember Bob Tuck talking about the days in his Myrtle wood shop where they used to use sheets of plywood as protective aprons. Everything was done with a scraper not too dissimilar from the one Reed makes ([www.youtube.com/watch?v=orV-Oi5UsSo](http://www.youtube.com/watch?v=orV-Oi5UsSo)). Irrespective of neat tools, Reed is an outstanding turner with a good understanding of method, form, and the woods that he uses. In addition to all this, Reed's demonstration is always highly entertaining.

Unfortunately, I will miss Reed's demonstration. My wife is dragging me to Portugal. What can you do? I will be back about 15 October and will look forward to seeing Roger's video of the demo. I always learn something from Reed.

Since I won't be here to remind you, don't forget that club elections are in November. Now is the time to decide what you can do for NWWT. As I've said before, I will not serve another year as President. I think fresh eyes on the job would be a good thing. What I've learned about being President is that what you know as a woodturner is less important than what you know

*(continued on next page)*

## CLUB INFO

### Northwest Woodturners

[www.northwestwoodturners.com](http://www.northwestwoodturners.com)

Meetings are held at 7:00PM on the 1st Thursday of each month at The Multnomah Arts Center 7688 SW Capitol Hwy, Portland, OR 97219

### President

Mike Meredith  
mmeredith23@comcast.net

**PRESIDENT'S MESSAGE (continued)**

about being an organizer. If you've seen my shop, you know organization is not my strong suit. So, it's time for members to step up; not just for the Presidency but the Vice Presidency and to fill the Board. Our budget is back where it used to be, our membership has expanded, the meeting place question has been settled, and we have places to hold classes and workshops. It's time to start enjoying what we've built.

Think of me as I suffer through the fresh Portuguese seafood and vino verde. See you in November.

— Mike

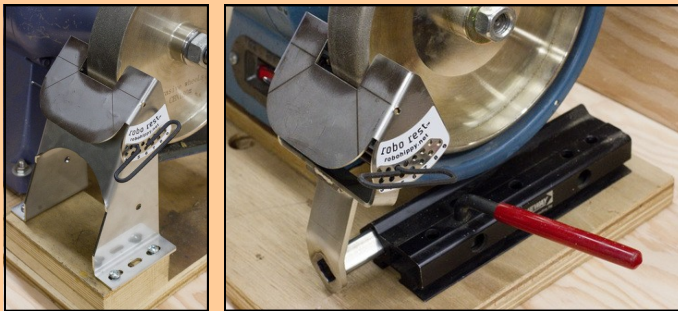

**OCTOBER PROGRAM – REED GRAY (a.k.a. Robo Hippy) – Three Skills for Turning**

As Mike mentioned in his column, Reed Gray is an accomplished wood turner and an inventor of "cool things". He will discuss and demonstrate what he considers to be "The Big 3" in wood turning – skills you need to learn as a turner, no matter what type of turning you do, so you can reduce sanding time. These three skills are:

1. Tool sharpening
2. Presenting the tool to the wood for clean cuts and no catches
3. Moving with the tool to get smooth and even cuts.

Most of the demo will be addressing two and three; sharpening will be covered last if time allows.

Reed will also have available for sale some of the innovative tools and accessories he has designed and built (e.g., Robo Rest grinder platforms, and an inside bowl rest), so come at 6:30 so you will have time to talk with him and learn what he has. Also, he has a lot of great videos on his website at <http://www.robohippy.net/>

**LIBRARY NEWS**

The end of the year is fast approaching and we still have DVD's that have not been returned to the club. Please check around your house and bring the NWWT DVD's, along with any NWWT books you might find, to the next meeting.

— Lynne Hemmert

## TILMAN SHOP SALE

On Saturday Sept 24, NWWT helped Mathew Tilman, a fellow AAW member who has had to walk away from his favorite hobby due to ALS, sell his shop tools and equipment. Being a former machinist, Matt had a love of good tools, knew how to take care of them and keep them sharp. The doors opened at 10:00 and by 11:00 most of the items were gone, and around noon, we closed up shop early. My guess is we had about 40 people stop by, and sold close to \$5,000 worth of tools. Buyers got great deals, Matt got good value for his collection, and NWWT's bank account grew a bit. We even had a few passersby walk in off the street – one fellow bought enough to get started in turning.

Many thanks to volunteers Dave Hollister Jackie Yi, Joe Jedrychowski, Mike Meredith, Jim Schoeffel and Mike Porter for helping out.

This is a good example of our 501(c)(3) charter of community service. All of us should look at our own shop and think about that inevitable day. One option to help your family is to stipulate in your will, what you want done with your tools. Donations to your favorite non-profit will provide your estate a good tax benefit and benefit the non-profit.

— Roger Crooks

			<u><b>Stop-Loss Bags</b></u> <i>A way to store finishing liquids to keep them from going bad.</i> <b>\$4.00 each, 3 for \$10.00</b>		

## SEPTEMBER PROGRAM – TOM HASTING – NATURAL EDGE PROJECTS

Tom Hasting, owner and woodturner-in-chief at Hasting Coastal Woodworks, a gallery and studio in Newport, Oregon, shared with us various ways to use a natural edge in our turnings. He led us through his process for turning a natural edge bowl:

- Selecting the wood
- Picking the turning center
- Shaping the outside of the bowl
- Forming a spigot on the bottom
- Shaping the inside of the bowl
- Using a jam chuck to hold the bowl between centers
- Finish turning the bowl bottom

A few key points:

- Select a piece of wood with sound bark or it may come off (see photo of demo piece below)
- It's important to pick the turning center correctly to produce a symmetrical bowl
- Remember that a natural edge bowl is essentially a winged object, so one is turning a lot of air, providing many opportunities for wacked knuckles, or worse

More information about Tom and Hasting Coastal Woodworks can be found at [www.hastingcoastalwoodworks.com](http://www.hastingcoastalwoodworks.com).

**NWWT ELECTIONS IN NOVEMBER**

Election of NWWT Officers and Board members will be held at our November meeting. We are governed by the Board of Directors, consisting of the Officers and a minimum of four and a maximum of fifteen Directors. The officers are: **President, Vice President, Secretary, and Treasurer.** Please think about how you might contribute to the running and operation of NWWT, and consider becoming an Officer or a Board member.

Officer responsibilities are:

**President**

- Chief officer of NWWT and Chair of the Board of Directors
- Supervises and controls all of the business affairs of NWWT
- Conducts NWWT meetings
- Works with all NWWT Committees

**Vice President**

- Sets the program for the regularly scheduled monthly meetings
- Coordinates guest demonstrator visits
- Performs the duties of the President if the President is unable to do so

**Secretary**

- Maintain official records of all proceedings of the Board of Directors and members' meetings and actions
- Publish notifications of meetings of the Board of Directors and members
- Authenticate the records of the Corporation

**Treasurer**

- Keep full and accurate accounts of all financial records
- Deposit of all monies and other valuable effects in the name and to the credit of NWWT in such depositories as may be designated by the Board of Directors
- Disburse all funds when proper to do so
- Make financial reports as to the financial condition of the Corporation to the Board of Directors
- Maintain current and accurate membership lists

**Secretary/Treasurer**

- The offices of Secretary and Treasurer may be occupied by the same person

If you have any questions about any of these positions, please contact one of the current officers (see the first page of this newsletter for contact information).

## SEPTEMBER CHALLENGE — WINGED BOWLS

Editor's Note: The Happy Gnome (courtesy of Bruce Jackson) is included in the pictures to give a sense of size. His head (a golf ball) is about 1.7" (43 mm) in diameter and he is about 3.2" (81 mm) tall.

### Challenge Winner : Steve Newberry

Wings & Body (Bowl), Cherry

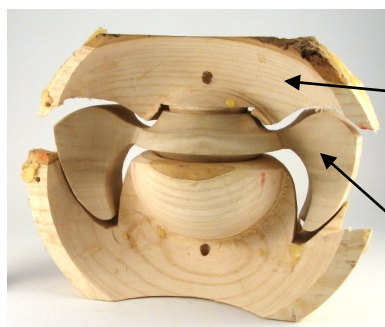

Head (Lid), Walnut

Wings: 7-1/2" W x 4" L x 3" H

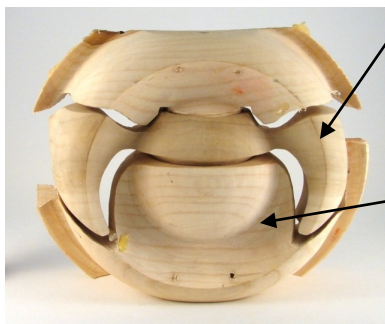

2-5/8" W x 5" L x 1-1/2" H

Bowl: 2-3/4" dia. x 2-3/4" deep

Prototype piece and the complex waste blocks necessary to mount it to turn its front and back faces after the top and bottom faces have been turned. A brief description of the process can be found on page 5 of the June 2016 NWWT Newsletter.

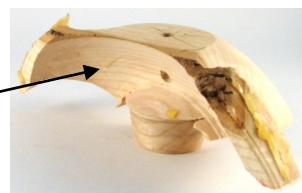

Front face

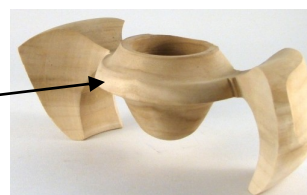

Back face

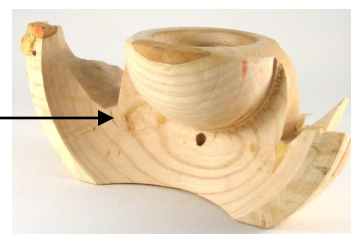

Upper waste block

Prototype piece

Lower waste block

**SEPTEMBER CHALLENGE — WINGED BOWLS (continued)****Bill Giffin**

Maple Sphere (two views)  
3-1/2" dia., Carved, Burned, Colored

Metal Hummingbird Stand  
12" Tall

**SEPTEMBER SHOW-n-TELL**

Editor's Note: The Happy Gnome (courtesy of Bruce Jackson) is included in the pictures to give a sense of size. His head (a golf ball) is about 1.7" (43 mm) in diameter and he is about 3.2" (81 mm) tall.

**Bill Karow**

Ebonized Bowl (unknown wood)  
11-1/2" dia. x 4-3/4" H

Maple Platter (first one)  
10" dia. x 1" H

**Irvin Johnson**

Segmented Pepper Mill  
Maple & Walnut  
2-1/2" dia. x 10" H

**SEPTEMBER SHOW-n-TELL (continued)**

3" dia. x 11-1/4" H (tree topper)

**Phil Lapp**

Descending pieces from same Pine tree

5-1/4" dia. x 7" H

7" dia. x 9-1/2" H

5" dia. x 6-1/4" H (incl lid)

3-1/2" dia. x 4-1/4" H

**SEPTEMBER SHOW-n-TELL (continued)****Jim Moore**

Oak Burl, Alumilite-filled (2 views)

6-1/4" dia. x 2" H

**Bill Giffin**

Wall Sculpture (Graeme Priddle class project)

Maple (carved, textured, acrylic paint, foil)

Pod: 3-1/2" dia. x 13-1/2" L

**John Beechwood**

Mahogany Bowl with spiral textured rim

11-1/2" dia. x 4-3/4" H

**Steve Newberry**

Tool Rest

6" W x 5-1/2" H with 1" dia. post

First tool rest made and first welding in 43 years

**2016 LOCAL EVENTS****49<sup>th</sup> Annual Local 14 Art Show & Sale****September 29- October 2, 2016****At the Left Bank Annex, 101 N. Weidler St., Portland, OR 97221**

Thank you for celebrating our last year at the World Forestry Center! It was certainly nostalgic, and we are looking forward to showing you our new home at the Left Bank Annex this year!

For 49 years, LOCAL 14 has presented high quality artwork by the regions finest women artists. Starting in 2016, we will ***open this show to everyone***, and continue to offer the public the highest quality mix of well-crafted and original artwork for sale. We are happy to have invited ***all artists*** to apply. We have a wonderful group of 52 guest artists this year to add to the beauty of our show. For more information visit: [www.local14.org](http://www.local14.org).

**Beaverton Arts Mix!****ART SHOW AND SALE****OCT 6-9, 2016****Beaverton City Library, 12375 SW Fifth St.**

Join us this fall for the Beaverton Arts Mix! (BAM!) Art Show & Sale! This year's BAM! will feature a wide array of artistic media, an Evening of Art, an outdoor "Quick Draw" and "Chalk Draw" where you can witness art happening in the community, and much more!

For more information and to register visit:

<http://www.beavertonoregon.gov/1269/Beaverton-Arts-Mix>.

**2016 HOLIDAY BAZAAR AT MOUNTAIN PARK****Saturday, November 26th from 10 AM- 5 PM****2 Mt. Jefferson Terrace, Lake Oswego, OR 97035****Open to the Public**

Mountain Park HOA is planning our 2016 Holiday Bazaar and we are looking for all kinds of talented vendors with a wide variety of homemade items to participate. Around 30 spots are available for local vendors. Bazaar applications are available at the Mountain Park Clubhouse or online here: [http://mtparkhoa.com/wp-content/uploads/bsk-pdf-manager/bazaar\\_2016\\_registration\\_326.pdf](http://mtparkhoa.com/wp-content/uploads/bsk-pdf-manager/bazaar_2016_registration_326.pdf). Applications are due by October 1st. For any questions, please email Melissa at [Melissa@mtparkhoa.com](mailto:Melissa@mtparkhoa.com).

## THANK OUR BUSINESS PARTNERS

Here's a suggestion: When you get home from purchasing a treasured item from one of our business partners who gave you a discount because you are a member of NWWT, take a moment and contact them via their web site or an e-mail and thank them for supporting NWWT.

**EDITOR'S NOTES**

All Newsletters can be accessed from the NWWT website [www.northwestwoodturners.com](http://www.northwestwoodturners.com). If you do not have internet access, provide me with your mailing address and newsletters will be sent via USPS.

If you do not receive a courtesy email from me by the beginning of the month indicating that a new newsletter is available on line, please send me your current email address.

**Submissions to the newsletter are due by the last Thursday of the month.** Articles, tips, web links, classified ads, or other woodturning-related items are welcome.
